Chapel Hill, NC– Torchiana, Mastrov & Sapiro, the San Francisco-Bay Area, CA office of Career Partners International, is celebrating a milestone anniversary of business success. The firm has been a leading global provider of outplacement and executive coaching services for 35 years.

The firm is led by Pat and Bill Torchiana, CEO and President, respectively. The duo founded the firm in 1980 to assist individuals and organizations in exploring and successfully implementing a broad array of career management solutions. Pat has operated two successful businesses, which helped form the starting ground, and Bill brought his experience as a highly skilled coach, successful entrepreneur, and senior human resources executive to the business. Today, Pat continues in her specialty with individuals and groups of people pursuing emerging career changes. Meanwhile, Bill provides consulting services at the senior executive level and heads the Leadership Development and Executive Coaching practice.

“The industry has changed considerably over the years yet the reputation of our staff and services has remained unchanged from ‘Provider of Choice’ for discerning clients,” says Bill. “Another fact of which we are extremely proud is the length of service of our staff and the high quality of their work.”

Bill and Pat were two of the founding members of Career Partners International, and were present at the original meeting at which the company arose. As a result, Torchiana, Mastrov & Sapiro is one of the longest established Career Partners International firms.
