

# Dottie Austin

Principal - Williamsville, New York

Owner and business partner spanning thirty years of progressive experience managing administrative and business functions. Results focused individual possessing a passion to achieve business targets and a high standard of excellence.

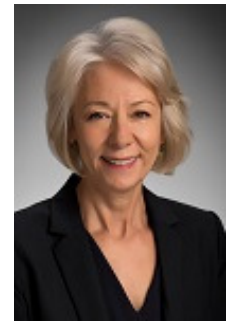

Dottie is dedicated to helping individuals and companies realize their goals through the development of talent management. Working at the individual level of career consulting and coaching development, her approach to change starts at the beginning, one person at a time. She has a proven record of supporting businesses during significant transition while maintaining a level of professionalism and core values.

## BUSINESS EXPERIENCE

Dottie's career path is primarily focused on the transition management arena to include leadership development and talent reorganization. Throughout her tenure Dottie has held several positions within Career Partners International Buffalo Niagara. With the company since inception, she has been afforded the opportunity to impact the operations, strategic direction and finance areas of the business. Through leadership positions with CPI headquarters, Dottie is part of the team effort to develop and maintain quality standards throughout the global footprint.
